➤ KESZTHELY - MAIN BEACH

The oldest beach of Keszthely is considered a family-friendly beach due to its shallow, sandy lido, huge sandpits, playgrounds as well as the entertainment programs, modern dressing and changing rooms. The heated water pool in the shape of Lake Balaton is popular among children in cooler days as well. A number of restaurants, snack bars and brasseries with waterfront views as well as sport facilities (beach volley ball, basket ball, bowling, mini golf, gokart, e-boat or water bike rental) are all the necessary elements of the Balaton feeling.

The young ones are awaited in the Viviera Beach House, the largest summer entertainment facility of the West-Balaton situated on the promenade of the shore. A characteristic building of the beach is on the bathing Island renovated according to its late 19th century style. Beautiful sunsets can be admired from the long promenade running along the Balaton shore and the area of the beach.

➤ LIBÁS BEACH

The youngest beach of the region with its huge shady area is recommended for those who like more quiet and peaceful holidays. It is a real family-friendly beach with its natural lido, playgrounds, water bike rental facility and entertainment programs for smaller groups.

The snack bar offering Balaton fish is a great opportunity to taste the real roasted bream and perch pike of the lake. Due to the closed bicycle storage unit and bike-friendly snack bars it is an ideal resting place for cyclists, too.

➤ HELIKON BEACH

Those who would like to test the Balaton retro feeling are awaited in a comfortable and nice natural environment here. With its bike-friendly services and nice snack bars it is an ideal resting place for bikers. In the evenings the Halászcsárda restaurant offers a great gastronomical experience with its fish meals as well as real Hungarian gypsy music.
